

COVID-19 UPDATE:

During this stressful time, Parkway Animal Hospital is here to provide the highest quality care to your pets and the best possible service to our clients.

We will continue our normal business hours.

We routinely clean and disinfect our exam rooms between each patient and are increasing our cleaning frequency throughout the hospital.

At this time we ask:

- Please Call Upon Arrival to check in
- We are **ONLY ALLOWING 2** clients at a time in the hospital lobby
- Only **1 PERSON** allowed in the exam room in order to acquire history

In order to practice **Social Distancing** we are removing pets from the exam rooms in order to examine them. Then we will return with pet to the exam room for the Dr. to discuss findings, and treatment.

Please call before coming to your appointment if you feel sick or are taking care of a sick family member. We are happy to reschedule your appointment if needed.
